PART TWO – CLIENT ACCEPTANCE AND INVESTMENT SERVICES

7. Application and Commencement

7.1. After the Client fills in and submits the Account Opening Application Form together with all the required identification documentation required by the Company for its own internal checks, the Company will send him a notice informing him whether he has been accepted as a Client of the Company. It is understood that the Company is not to be required (and may be unable under

Applicable Regulations) to accept a person as its Client until all documentation it requires has been received by the Company, properly and fully completed by such person and all internal Company checks (including without limitation anti-money laundering checks, appropriateness or suitability tests as the case may be) have been satisfied. It is further understood that the Company reserves the right to impose additional due diligence requirements to accept Clients residing in certain countries due to the requirement under Applicable Regulations for an Investment Firm (IF) to take a risk based approach when performing due diligence on Clients.

7.2. The Agreement shall take effect and commence upon the receipt by the Client of a notice sent by the Company informing the Client that he has been accepted as the Company's Client or that a Client Account has been opened for him.

8. Client Classification

8.1. According to Applicable Regulations, IFs must classify their Clients in one of the following categories: Retail Client, Professional Client or Eligible Counterparty. It is noted that the Company treats all of its Clients as Retail Clients.

8.2. Where an IF treats a Client as a Retail Client, the Client is entitled to more protections under the Law, than if the Client was treated as a Professional Client. In summary, these protections are as follows (the list may not be exhaustive):

(a) A Retail Client will be given more information disclosures with regards to the Company, its services, its financial instruments and their performance, the nature and risks of financial instruments, its costs, commissions, fees and charges and the safeguarding of Client financial instruments and Client funds, including summary details of any relevant investor compensation or deposit guarantee scheme, as applicable.

(b) Where the Company is providing the services of Reception & Transmission of orders and/or Execution of Client orders (the Company shall ask a Retail Client to provide information regarding his knowledge and experience in the investment field relevant to the specific type of product or service offered or demanded, so as to enable the Company to assess whether the

investment service or product envisaged is appropriate for the Client. In case the Company considers, on the basis of the information received, that the product or service is not appropriate to a Retail Client, it shall warn the Client accordingly. Please note that the Company is not required to assess appropriateness in certain cases specified by the Law (for example but not limited to the situation where on an execution only basis the financial instrument concerned is not complex).

On the other hand, the Company shall be entitled to assume that a Professional Client has the necessary experience and knowledge in order to understand the risks involved in relation to those particular investment services or transactions, or types of transaction or product, for which the Client is classified as a Professional Client. Consequently, and unlike the situation with a Retail Client, the Company should not generally need to obtain additional information from the Client for the purposes of the assessment of appropriateness for those products and services for which they have been classified as a Professional Client.

(c) When executing Client orders, the Company must take all reasonable steps to achieve what is called “best execution” of the Client’s orders, that is to obtain the best possible result for its Clients.

Where the Company executes an order of a Retail Client, the best possible result shall be determined in terms of the total consideration, representing the price of the financial instrument and the costs related to execution, which shall include all expenses incurred by the Client which are directly related to the execution of the order, including execution venue fees, clearing and settlement fees and any other fees paid to third parties involved in the execution of the order. The Company shall also send a notice to a Retail Client confirming execution of the order as soon as possible and no later than the first business day following execution or, if the confirmation is received by the Company from a third party, no later than the first business day following receipt of the confirmation from the third party, as applicable.

Professional Clients are also entitled to a confirmation for the execution of their orders however there is no specific timeframe involved as to when the Professional Client will receive this information. Nevertheless, this confirmation shall be provided promptly.

(d) The Company must inform Retail Clients of material difficulties relevant to the proper carrying out of their order(s) promptly upon becoming aware of the difficulty.

(e) The Company is required to provide Retail Clients with more information than Professional Clients as regards the execution of their orders.

(f) The Company is obliged to enter into a written basic agreement with the retail Client, setting out the essential rights and obligation of both parties.

8.3. It is understood that under the Law, the Company has the right to change its policy and accept other categories of Clients as well and hence review the Client’s Classification and change his Classification if this is deemed necessary (subject to Applicable Regulations and appropriate notification to the Client).

9. Assessment

9.1. In providing execution of Client Orders services to the Client, the Company is obliged under Applicable Regulations to seek information from a Client or potential Client regarding his knowledge and experience in the investment field relevant to the specific type of service or Financial Instrument offered or demanded, so as to enable the Company to assess whether

the service or Financial Instrument is appropriate for the Client. Where the Client or potential Client elects not to provide the information regarding his knowledge and experience, or where he provides insufficient information regarding his knowledge and experience, the Company will not be able to determine whether the service or Financial Instrument is appropriate for him. The Company shall assume that information about his knowledge and experience provided from the Client to the Company is accurate and complete and the Company shall have no responsibility to the Client if such information is incomplete or misleading or changes or becomes inaccurate and the Company will be deemed to have performed its obligations under Applicable Regulations, unless the Client has informed the Company of such changes.

It is the Client's responsibility to be aware of his positions at all times.

4. Quotes

5.3. The Client may add "Close at Loss" price or "Close at Profit" at any stage when the position is Open.

5.4. The Company may close the Transaction when the price quoted by the Company on the Trading Platform equals or exceeds the price accepted by it for such an Order.

5.5. The Client acknowledges that the original price level set forth in a Close at Loss may be amended as the market on the Platform moves in his favour. Whilst his trailing Close at Loss is still in effect, the Client agrees that each change in the market by at least one hundredth of a percentage point (referred to as "Pips" on the Platform) in his favour shall constitute a new offer by the Client to raise the level of his trailing "Close at Loss" by one hundredth of one percentage point. Changes in a Pip will be rounded to the nearest absolute value in the Currency of the Client Account.

5.6. The Client acknowledges and agrees that due to market volatility and factors beyond the Company's control, the Company cannot guarantee that an Order will be executed at the level specified in the Client Order, for example, an Order may be closed at a worse price than as originally specified by the Client in such an Order. In such an event, the Company will close the Transaction at the next best price. For example, with respect to a Close at Loss, in the case of a Buy to close, the price of an Underlying Asset may suddenly increase above the Close at Loss price, without ever reaching such price. In the case of a Sell to close, the price of an Underlying Asset may suddenly decrease below the Close at Loss price, without ever reaching such price.

5.7. With respect to a Close at Profit where the price for an Underlying Asset moves to the Client's advantage (for example, if the price goes down as the Client Buys or the price goes up as the Client Sells), the Client agrees that the Company can pass such price improvement on to the Client.

5.8. Guaranteed Stop Orders are only available on certain Underlying Assets, as indicated in the instrument details tab. If the Client places a Guaranteed Stop on a new Order the Company guarantees that when its bid or offer quoted price reaches or goes beyond the close at loss price specified by the Client, it will close the position at exactly the price the Client specified in the Guarantee Stop Order. An open position can be closed in accordance with this Agreement prior to reaching the Guaranteed Stop Order price level.

5.9. A Guaranteed Stop Order is subject to the following additional conditions:

(a) A Guaranteed Stop Order can be requested only on a new Order and is only available on close at loss conditions;

(b) A Guaranteed Stop Order can be activated or edited only when there is trading and an eligible Underlying Asset is available on the Platform;

(c) Once a Guaranteed Stop Order is accepted by us it cannot be removed - only the price can be changed;

(d) A Guaranteed Stop Order must be placed a minimum distance (as determined by the Company) away from the current Underlying Asset price being quoted by the Company;

(e) As the Company guarantees to close out price, the spread is adjusted for the additional charge when placing the Guaranteed Stop Order. The adjusted spread is displayed in the Underlying Asset details tab for each eligible Instrument at the time the Guaranteed Stop Order is placed.

6. Expiry

6.1. The Company may set an Expiry Date and time for a specific Underlying Asset. Such shall be displayed on the Platform. The Client agrees that it is his responsibility to check for the Expiry Date and time.

6.2. If the Client does not close an open Position with respect to an Underlying Asset which has an Expiry Date, prior to such Expiry Date, the Open Position shall automatically close upon the Expiry Date. The Open Position shall close at a price which will be the last price quoted on the Platform immediately prior to the applicable Expiry Date and time.

6.3. The Client acknowledges that certain Underlying Markets may become volatile or illiquid without warning. In such circumstances it may not be possible to execute Client Orders, particularly in the period shortly before an expiry.

7. Premiums

7.1. Any Open Position at the end of the trading day or over the weekend, shall automatically be rolled over to the next business day to avoid an automatic close and settlement of the Transaction. The Client acknowledges that when rolling such Transactions to the next business day, a Premium will be either added or subtracted from his Client Account with respect to such Open Position. Information concerning the Premium for each Underlying Asset is displayed on the Platform. In deciding whether to open a position, the Client acknowledges that he is aware of the Premium.

7.2. The premium is charged daily on the Client Account. The operation is conducted at 23.59 (server time) and can take several minutes.

7.3. The Client authorises the Company to add or subtract the premium fees to or from the Client Account for any open Transactions that have accrued such a fee, in accordance with the applicable rate thereto, each day at the time of collection specified on the Platform for each Underlying Asset, as applicable.

7.4. The Company has the right to amend in its discretion from time-to-time the calculation days or percentages of Premiums. Such changes shall be effected on the Platform and/or the Website and the Client is responsible to check for updates regularly.

8. Spreads

8.1. All CFDs available with the Company have spreads which appear on the Platform and/or the Website. The Company has the right to amend its spreads in its discretion from time to time. Such changes shall be effected on the Platform and/or the Website and the Client is responsible to check for updates regularly.

9.6. The Company shall make Margin Calls to the Client automatically via the Platform when the Margin in his Client Account has reached a certain percentage. When the Platform warns the Client that it reached a certain percentage of the Margin in the Client Account, the Client should take any or any of the three options to deal with the situation:

(a) Limit his exposure (close trades); or

(b) Hedge his positions (open counter positions to the ones he has right now) while re-evaluating the situation; or

(c) Deposit more money in his Client Account.

9.7. If the Client fails to take action according to paragraph 9.6 or when the Client reaches 15% of the Margin in the Client Account, his positions will start closing automatically (Stop Out level of 15%) starting with the most losing Order and the Company has the right to refuse a new Orders.

9.8. Margin shall be paid in monetary funds in the Currency of the Client Account. Should the client deposit money in a different currency the Company shall make a conversion into the Currency of the Client Account according to paragraph 38 of the Client Agreement.
